

YUVRAJ SINGH

DATA ANALYST

8826844359 | data.yuvraj225@gmail.com | linkedin.com/in/singh-yuvraj-data | Delhi, India

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on expertise in SQL, Advanced Excel, Python (Pandas, NumPy), Power BI, and Tableau. Proven ability in data cleaning, exploratory data analysis (EDA), database extraction, and developing interactive business dashboards to support data-driven decision-making.

TECHNICAL SKILLS

Data Analysis & Querying: SQL, MySQL, Python, Pandas, NumPy, EDA, Statistical Analysis

Visualization & BI: Power BI, DAX, Tableau, Matplotlib, Seaborn, Dashboard Development

Spreadsheets & Tools: Advanced Excel (XLOOKUP, Pivot Tables), Power Query, VBA, Google Sheets, DBMS

PROFESSIONAL EXPERIENCE

Data Analyst Intern

09/2026 – Present

Unified Mentor Pvt Ltd | Delhi, India

- Developing end-to-end analytical solutions and enterprise-grade reporting frameworks using Power BI and advanced data modeling techniques.
- Collaborating on cross-functional datasets to clean, transform, and analyze business performance metrics for strategic decision-making.

Data Analyst Intern

03/2026 – 08/2026

AAM Infotech | Delhi, India

- Extracted, cleaned, and transformed large datasets using advanced SQL queries and Python (Pandas, NumPy) to resolve anomalies and improve data completeness.
- Performed comprehensive Exploratory Data Analysis (EDA) and statistical evaluations to uncover operational patterns and sales trends.
- Designed and deployed interactive Power BI dashboards and automated reports to monitor core business KPIs and streamline stakeholder reviews.

PROJECTS

Enterprise Sales Profitability Dashboard

Power BI | DAX | Business Intelligence

- Designed and developed an interactive Enterprise Sales Profitability Dashboard in Power BI to track regional revenue, net profit margins, and cost drivers.
- Implemented custom DAX measures, data modeling relationships, and dynamic slicers to empower stakeholders with real-time financial insights.

Global Retail Sales Performance Dashboard

Tableau | Retail Sales Analysis

- Built an interactive Tableau dashboard featuring filters and drill-down hierarchies to isolate top-performing regions and product categories.
- Conducted comparative trend analysis to spot profitability bottlenecks and highlight strategic areas for operational growth.

Retail Sales Exploratory Data Analysis

Python | Pandas | NumPy | EDA

- Executed end-to-end EDA on retail datasets, performing univariate, bivariate, and correlation analysis to identify key sales drivers.
- Handled missing data values using group-based mean and mode imputation methods to maintain high data integrity.

EDUCATION & CERTIFICATIONS

Education: Bachelor of Science (Mathematics) – Indira Gandhi National Open University (IGNOU)

Certifications: Master in Data Analyst & Visualization (IFDA Institute), AI Essentials Productivity Bootcamp (IFDA Institute)
